

Orunor Awhie

FRONTEND ENGINEER (NEXT.JS · REACT · TYPESCRIPT · DASHBOARD UI)

AVAILABLE FOR CONTRACT

+234 915 554 1159 oruno.awhie@gmail.com www.drakemarho.com github.com/runo25

SKILLS & STACK

CORE STACK & FRAMEWORKS

Next.js (App/Pages Router) React.js
TypeScript JavaScript (ES6+)
Tailwind CSS HTML5/CSS3

DASHBOARD & UI ARCHITECTURE

Data Tables Complex Filtering
Modals & Drawers Dynamic Forms
Reusable Component Systems
Chart.js / Recharts

RESPONSIVE & LAYOUT DESIGN

Mobile-First Landing Pages
Desktop-First Admin Interfaces
Flexbox & CSS Grid
Cross-Browser Compatibility

STATE, APIS & TOOLING

RESTful APIs
Client-side State (Zustand, Context)
Git GitHub Vercel
Clean Source Handover Unit Testing

EDUCATION

Diploma in Computer Science
Petroleum Training Institute
Sep 2021 — May 2025

PROFESSIONAL SUMMARY

Meticulous Frontend Engineer specializing in Next.js, React, TypeScript, and Tailwind CSS with a strong focus on turning Figma designs into pixel-perfect, production-grade web applications. Deep experience building data-dense admin dashboards, complex data tables with multi-criteria filters, interactive charts, dynamic forms, and responsive landing pages. Known for writing clean, reusable, and self-documenting component code with disciplined Git versioning and rapid milestone turnaround.

PROFESSIONAL EXPERIENCE

Frontend & Dashboard Developer

Jun 2024 — Present

Code and Canvas (Web & Software Solutions)

- Implemented pixel-perfect landing pages and multi-tenant admin dashboards from high-fidelity Figma designs using Next.js, React, and TypeScript.
- Engineered modular dashboard components: sortable/paginated data tables, multi-parameter search filters, form validation modals, and KPI summary cards.
- Integrated interactive charting libraries (Recharts / Chart.js) to visualize analytics, transaction metrics, and user activity with zero render lag.

Frontend Engineer (Contract / Product)

2025 — Present

Remina App

- Built responsive client interfaces and administrative management panels using React, Next.js, and Tailwind CSS.
- Implemented modal dialogs, drawer navigations, and real-time state feedback, keeping interaction latency below 100ms.
- Conducted thorough testing across mobile, tablet, and desktop viewports, resolving CSS overflow and responsive layout discrepancies.

Software Frontend Contractor

Mar 2024 — Aug 2024

Independent Technical Engagements

- Delivered responsive web portals and client admin dashboards with dynamic tables, booking forms, and export utilities.
- Ensured strict design fidelity against Figma specs: typography scales, spacing tokens, color palettes, and interactive states (hover/active/disabled).
- Provided clean handover documentation and setup guides for seamless client deployment.

KEY PROJECTS & WORK

Geospatial & Analytics Admin Dashboard

github.com/runo25

React TypeScript Tailwind CSS Data Tables Charts Leaflet

- Architected an interactive admin dashboard featuring multi-layer map views, real-time coordinate data tables, and telemetry chart widgets.
- Implemented multi-column filtering, tabular sorting, and interactive modals for inspection of individual data records.

Prime Portfolio & Interactive Component Showcase

drakemarho.com

Next.js / React TypeScript Tailwind CSS Lighthouse (100/100)

- Designed and implemented flagship portfolio showcasing custom UI components, responsive layout systems, and fluid micro-interactions with 100/100 Lighthouse score.
